Course Overview

This workshop will consist of many modules over a week's time. The course structure will be based on the Four-quadrant model as proposed by Ministry of Education, Govt. of India. Each module will consist of multiple lessons. The lessons will include instructional content, resources, hands-on-session, demonstrations, and recorded talks by subject matter experts.

Objectives of the Course

The basic objective of the courseware is to introduce and promote the open source research support tools for conducting scholarly research right from document discovery to research communication. The facets of this broad objective are -

- Resource discovery through Open Access pathfinder services;
- Use of digital access brokers in resource evaluation;
- Smart referencing in linked data environment;
- Tools and rules to maintain academic integrity;
- Automated systematic literature review; and
- Research communication and promotion.

Registration Fees

The registration fee is Rs. 1000.00
(Rupees One Thousand Only) Per Person.
Fee is non-refundable and non-adjustable.

Registration

Interested person can register for the STTP through the below links
<https://forms.gle/NXrYwtbMCz6Zw6tEA>

Online Transaction

Mode of Payemnt :

Bank Transfer / NEFT / RTGS / Electronic Transfer

Bank Details:

Account number : 412110210000001
Name of Beneficiary : University of Kalyani
Account Name : University of Kalyani Gen Fund-II
IFSC : BKID0004121
SWIFT Code: BKIDINBBCSM
MICR No. : 700013090
Bank Name : Bank of India
Bank Branch Code: 4121
Branch: Kalyani University Branch

Course Co-ordinators

Dr. Ujjal Marjit
and
Prof (Dr.) Parthasarathi Mukhopadhyay

Coverage

The facets as included in objectives will be supported with discussion and hands-on sessions including but not limited to the following topics;

Resource discovery through Open Access pathfinder services

- Open Access (OA) paths (Gold, Green, Bronze),
- OA tools and services;
- OA licensing

Use of digital access brokers in resource evaluation

- Digital access brokers – concept and scope
- Resource evaluation and Citation networking
- Article summarizing

Smart referencing in linked data environment

- Automated bibliographic data capturing
- Basic referencing
- Advanced utilities

Tools and rules to maintain academic integrity

- Strategies and Tools
- Plagiarism
- Retraction

Automated systematic literature review

- Literature review tools
- Systematic review and Meta analysis
- Automated systematic review

Research communication and promotion

- Research archiving and promotion
- Digital repositories and Data repositories
- Use of data wrangling tools

Identifying Predatory Journals and Publications

- Awareness and Tools
