Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	During the COVID-19 pandemic, the University of Kalyani adopted a comprehensive approach to completing the curriculum using online teaching, learning, and evaluation methods, strictly adhering to the directives of UGC and the Government of India. Google's academic license and Google Suite were made available for all classes to the students and teachers of the university. Each topic in a course unit was supported by a slide presentation, summary notes, video tutorials, or a recording of a class lecture. This was done through a further reading list with an emphasis on full-text open educational resources. The mid-term internal evaluation and assignments were conducted online through online assignment submission using Google Classroom, MCQ-based time-stipulated online tests, short-answer type examinations, etc. All the courses under a program were integrated with online search interfaces for global access services like OER Commons, Teaching Commons, BASE (Bielefeld Academic Search Engine), and other full-text open access data sources like The Lens: Free and Open Patent and Scholarly Search, Semantic Scholar, etc., and the Digital Library of India. Several virtual communication tools like discussion forums, chat rooms, and Q&A forums were made available to support the learners with provisions to encourage collaborative group learning by creating glossaries, wikis, and workshops for a specific course. As part of online motivation programs, things like group notifications, live logs to track students' progress, course completion stats, etc. were put in place. Online term-end examinations were conducted through the availability of time-driven opening of links to question papers, links to the submission of scanned examination scripts, etc. Interoperability of Moodle and Google learning tools was integrated to solve disk space issues in accommodating any size of submitted answer scripts by students. The University of Kalyani, in association with the State Council of Higher Education, has also facilitated students and staff to enroll in Microsoft Upskilling Programs for free. These programs are a part of the value-added and skill-enhancement programs. As part of continuous learning, several KU faculty members organized national and international conferences and workshops online in 2021-2022.		
3. The period of delay in completion of syllabus (in months).	0		
4. The period of delay in conducting exams (in months).	0		
Portal Name	No. of students offered online courses which have credit transferred to transcript	Total no. of online courses which have credit transferred to the transcript	Total no. of credits transferred to transcript
