

NOTICE
6th REGIONAL SCIENCE AND TECHNOLOGY CONGRESS

The West Bengal Science and Technology Congress is aimed at fostering scientific temper in young minds and providing a platform for researchers and scientists to share their experiences and research findings for promotion of the science and technology in the state. Currently, the 31st State Congress will be preceded by the 6th Regional Science and Technology Congresses in six different regions. It is a pleasure to announce that Kalyani University is going to host the 6th Regional Science and Technology Congresses on 3rd and 4th January 2024. A focal theme would be “Science and Technology for Disaster Management”. The program shall consist of memorial lectures, invited lectures, and technical sessions for budding scientists and research scholars. There will be awards and cash prizes for outstanding papers. Intending research scholars/scientists/academicians are to register online, submit abstracts, and follow the enclosed advertisement.
